

To Parents/Carers of Year 11 pupils

22nd February 2023

Dear Parent/Carer,

Science Paper 2

The GCSE Science Paper 2 mock exams will be happening during lesson time for Year 11 from 6th to 14th March.

These assessments will take 6 lessons in total and so will be quite intense, but it will not impact any other subject lessons.

By doing this before Easter, your child's teachers will be able to give personalised revision targets for the Easter holiday.

Please ask your child to check SMHW for the details and encourage them in their revision.

Yours sincerely,

Elizabeth Hogg
Curriculum Team Leader for Science
